A-MCGWG-03

25X1

1 September 1971

SUBJECT: Agenda for COMIREX MC&G Working Group Meeting, 10 September 1971

TO: COMIREX MC&G Working Group Members

1. MCGWG meeting is scheduled at 1300 to 1500 hours on 10 September 1971, in Room 2D921 Pentagon.
2. Agenda items follow:

a. Predictions of 12" SI Coverage.

As follow up to MCGWG meeting of 10 August 1971 (see Par 3 of MCGWG-M-62) NRO will brief on predictions of accumulated photo coverage after each 12" mapping camera mission for at least 10 missions as planned by current NRO scheduling. The same factors or criteria identified with this subject for 10 August meeting will pertain.

b. Square Nautical Miles vs Square Statute Miles.

Chairman COMIREX has asked that MC&G documentation reaching COMIREX express area coverage in terms of square nautical miles instead of square statute miles. Question remains as to whether coverage should be treated in terms of square nautical, square statute, or both in the discussions and records of the MCGWG. Consideration should be given to what documents are involved beginning at what period of time, etc. DIA will advance some preliminary proposals for consideration and discussion.

3. Only TKH SAO clearance will be required for personnel attending. Please pass clearances to DIA SAO at least two days prior to the scheduled meeting. Anyone entering the DIA area on the first floor E ring can proceed to the conference room 2D921 through the back stairs in the DIA area. If personnel wish to enter the conference area through the JCS area names of such personnel must be passed to Miss Sellaro, OX5-4530, by 1630 hours on 8 September 1971.
